SPOT WELDER ▶ Inverter ▶ Insurance Specification

GYSPT INVERTER BP-LX KIT ref:U19639

List price £10,019.70

Offer price **£6999.00**

All prices Ex VAT

Supplied with:
X GUN

400V, 3 phase, water cooled inverter spot welder. Digital control with memory setting saving capability
Equipped with X-gun - 550 daN pressure - Maximum welding current 13000A - SD card memory for data acquisition & processing - Single spot gun for dent pulling and spot welding - Accessory box

Ref: 018389

Ref: 019652

Comes complete with:

 <p>X Arms X1 Ref: 050501</p>	 <p>X Arms X4 Ref: 050532</p>
--	---

 <p>Monopoint Electrode for the Gun, with 1 cap type F Ref: 049291</p>	 <p>Star-chuck for Inertia Hammer Ref: 049482</p>	<p>Caps</p>  <p>A Type (x6) Ref: 049987</p>  <p>Bevelled (x6) Ref: 049994</p>  <p>F Type (x6) Ref: 049970</p>
 <p>Inertia Short Hammer (1.1 kg) Ref: 049802</p>	 <p>Special Welding Coolant (10 L) & De-Ionised Water (20L) Ref: 052246</p>	
 <p>Tube of Contact Grease 100 g Ref: 050440</p>	 <p>Cap Removing Wrench Ref: 050846</p>	 <p>Accessory Kit for Spotter Ref: 050075</p>  <p>Protection Cover Ref: 050853</p>

Water Cooled Inverter Spot Welder. Digital control with memory setting saving capability
Intergrated liquid cooled transformer clamp
 Equipped with C-gun - 550 daN pressure - Maximum welding current 14500A -
 SD card memory for data acquisition & processing

Comes complete with:

Insulated C Arms				
				
C1 Ref: 021402	C2 Ref: 022386	C3 Ref: 021419	C4 Ref: 021426	C6 Ref: 022409

DENT PULLING ▶ Steel ▶ Single Phase

EASYLINER 39.02 KIT ref: U53018

List price £1,325.00

Offer price **£1325.00**

All prices Ex VAT

Dent puller for steel body panels. Easy operation with microprocessor control

Automatic welding - Panel shrinking capabilities, slide hammer and stud welding -

Preset adjustable power setting for designated tools

Comes complete with:

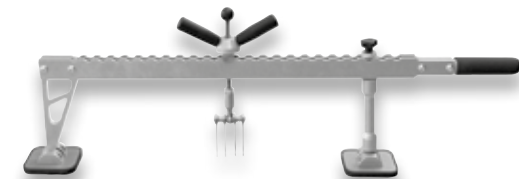

GYSPT 39.02
Ref: 052215

**SPOT 1000
Trolley**
Ref: 053540

Accessory Kit
Ref: 053632

Double Action Levelling Bar
Ref: 053564

KEY FEATURES:

- Powerful 3800A output
- Dent pulling repair for small, medium and large dents
- Complete with a double action levelling bar

DENT PULLING ▶ Steel ▶ Single Phase

EASYLINER 39.02 KIT PLUS ref: U53019

List price £1,932.60

Offer price **£1650.00**

All prices Ex VAT

Dent puller for steel body panels. Easy operation with microprocessor control
Automatic welding - Panel shrinking capabilities, slide hammer and stud welding -
Preset adjustable power setting for designated tools

Comes complete with:

**SPOT 1000
Trolley**
Ref: 053540

Accessory Kit
Ref: 053632

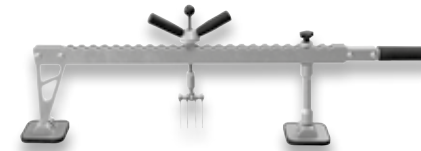

Magnetic Earth
Ref: 049666

Manuliner for gun
Ref: 056831

3 Lifting Rods 150/300/500mm
Ref: 050792

Double Action Levelling Bar
Ref: 053564

KEY FEATURES:

- Manuliner for complex dent pulling applications
- Upgraded levelling bar

GYSPT 39.02
Ref: 052215

DENT PULLING ▶ Steel ▶ Single Phase

PROLINER 39.02 KIT ref: U19708

List price £2,329.40

Offer price **£2150.00**

All prices Ex VAT

240V, auto body repair station including spotter

Spotter with automatic contact ignition - Maximum welding current 3800A - Microprocessor Control - Easy operation - 75 factory presets - Automatic welding power optimisation - Multifunction gun: slide hammer, bolt welding, T-pins 3m Earth clamp - Cable hanger for dent pulling workstation

Comes complete with:

GYSPOT 39.02
Ref: 052215

**SPOT 800
Trolley**
Ref: 051331

Magnetic Earth
Ref: 049666

**Easy Connection Pistol
for Dent Pulling**

Ideal for car body repair including brazing - 15A-320A - Suitable for Ø200 mm wire reels

Comes complete with:

Earth Clamp
Ref: 043817

Aluminium Torch

Box of Contact Tips
MB15/MB25
Ref: 037458

CuSi Torch

Protection Cover
Ref: 052260

Steel Torch

Optional Accessories Pack ▶ Ref:U36720

Steel
0.8mm / 5 Kg
Ref: 086128

CuSi3
0.8mm / 5 Kg
Ref: 086647

2 x Regulator 35L/min
Ref: U04163

AlSi12
1.2mm / 2 Kg
Ref: 086074

List price £358.30

Offer price £265.00

All prices Ex VAT

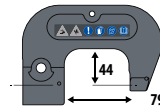

KEY FEATURES:

- Synergic control mode allows faster and easier set up
- Instantaneous switching between use in steel, aluminium or brazing

Ref: 067615

Integrated pressure gauge - Quick arm change design - 10 Tonnes of pressure -
 Arm rotates 360 degrees - magnetic matrix for easy positioning -
 Supplied with carry case

Comes complete with:
Riveting Arm

Riveting Arm HR110
 Ref: 063310

For HR110
 Ref: 058644

HR Arm Locker

Strap

Handle

Gysduction Auto is a powerful instantaneous induction heater - Designed specifically for car body repair
 Gysduction is supplied as a powerful generator and accessories of your choice (see table below) - Modular system
 Power: 2400W - Instant heating, no flame - Only heats metal parts with accuracy whilst protecting the adjacent parts
 (no need to remove engine parts) - Remove parts without using solvent.

Plastic Wedge As a supplement to the inductors, the scrapers are essential to remove logos/badges and stone chip protection ...

Glass Inductor To peel off welded metal and burn off stone guard protection with the heated scraper. It is also suitable to remove glass (rear window, rear quarter light, panoramic roof ...)

Body Inductor To quickly and easily remove all adhesives and strips as well as side moldings in a few minutes without any damage

Bolt Inductor To warm and release all types of mechanical parts in a few seconds such as bolts, screws, shock absorbers, track rod ends ...

Dent Pulling Inductor For the repair of light car body dents caused by hail, eliminating the need to retouch paint work.

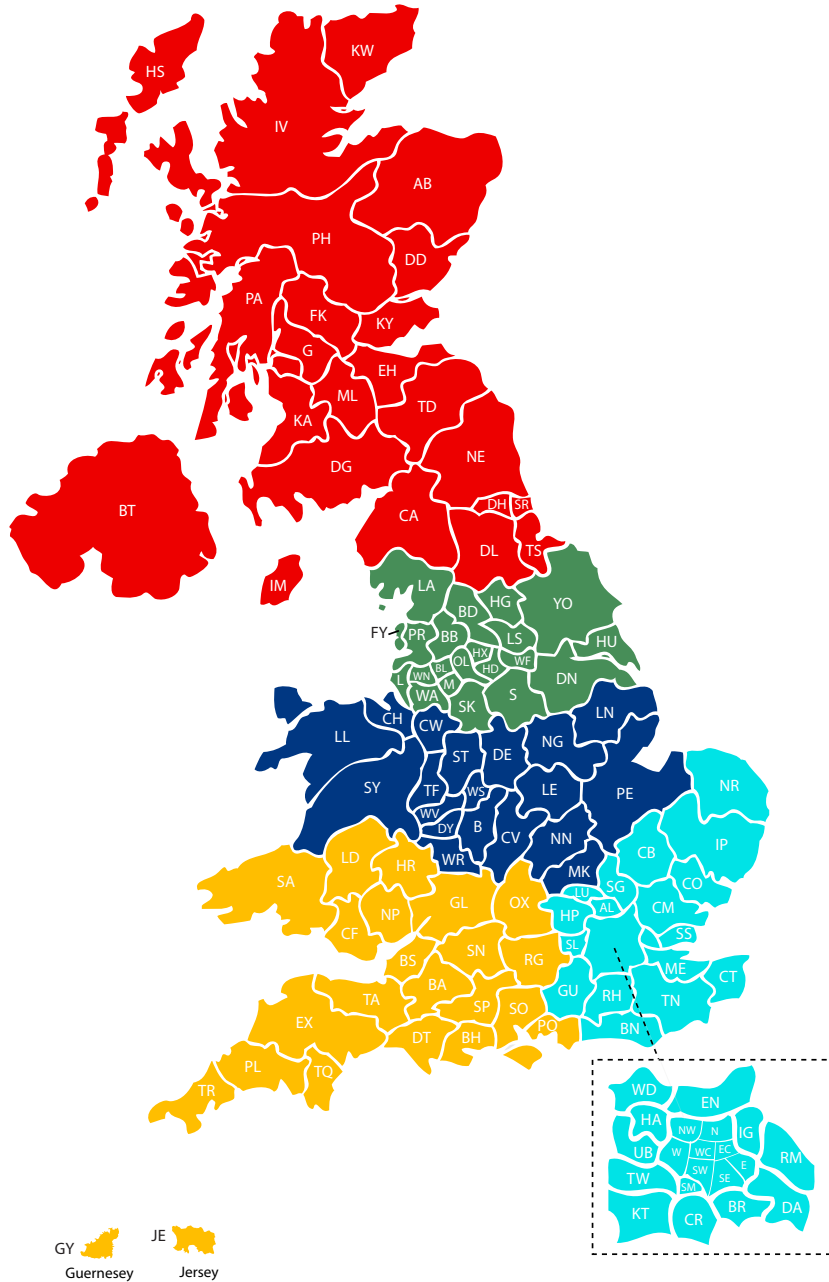

Spiral (Coiled/Braided Wire) Inductor To warm and release all types of mechanical parts in a few seconds such as bolts, screws, shock absorbers, track rod ends etc...
